

# Manufacturer Declaration

for Fill Valves for compressed gases

<b>Component</b>	Fill Valves FV100 series with all configurations including NC100 and NC200 nozzles
<b>Manufacturer</b>	Oasis Engineering (2003) Ltd. Tauranga New Zealand
<b>Distributor</b>	ELAFLEX HIBY GmbH & Co. KG Schnackenburgallee 121 D - 22525 Hamburg, Germany

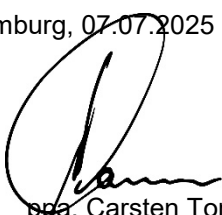

We hereby declare, that

the fill valves types FV100 series with all configurations including NC100 and NC200 nozzles are electrically conductive and do not have ignition sources. Therefore, these fill valves are not covered by the EC-Directive 2014/34/EU (ATEX).

The above mentioned fill valves can be operated within equipment (technical systems) group II, category 3G Ex h IIA T5 Gc, in compliance with the EC-Directive 2014/34/EU (ATEX).

It has to be ensured, that these fill valves will only be operated when the equipment itself fulfils the requirements of the EC-Directive 2014/34/EU (ATEX).

Hamburg, 07.07.2025
